Hi Mark – Thanks for the info. I'm not sure that Kush is in today. When I see him, we'll have a chat about our availability and get back to you.

Thanks.

Monica,

Thank you for your e-mail. I have checked availability on March 18th with my client. Unfortunately, scheduled maintenance at the site is being conducted that week. The first available date thereafter is Wednesday, April 2, 2014. Please advise if that date works for your team. If not, please provide alternative dates. Thank you.

Mark

Monica,

As a follow-up to our conference call on Monday, enclosed are the following:

- (1) Description of “zero bleed” system as provided to Wendt (vendor) by Mac (Manufacturer);
- (2) Schematic drawings (2) of the shredder; and,
- (3) Metal Management’s lifetime operating permit.

I look forward to receiving a list of dates that you and your team are unavailable for a site visit between now and the end of March.

Thank you.

Mark
